

BIKE DISMOUNT MAP & DETAILS

IMPORTANT DETAILS

- Bicycles must be picked up by 1 p.m. on the day of the race.
- If not picked up by 1 p.m., they will be transported to the Sacramento Co. Corporation Yard at 4040 Bradshaw Road and stored there until the Monday following the race.
- A fee of \$50 will be charged to the bike owner for this service.
- Between 9:30 a.m. and 10:30 a.m. there may be a pickup delay of 20 to 30 minutes when the Sacramento Bike Hikers Club volunteers are too busy retrieving bikes to allow pickup. Please be patient with these loyal volunteers! They will serve you as quickly as possible.
- Do not ride your bike back toward River Bend Park on the bike trail race course. Doing so will risk injury to yourself and racers on the course. You will be disqualified for doing this.
- Bikes may not be taken across the bridge to the north side of the river until course officials notify you that traffic has diminished to the point where it is safe (generally after nearly all the participants are off the bridge).
- For Ironperson crews:
 - There is an ironperson crew area near the bicycle dismount.
 - Ironperson crew members may wait here or at the far end of the bridge near the boat area.
 - No ironperson crew members will be allowed on the bridge during the race.
